

VISIT THE MADE-IN-CANADA TRAIN TO-NIGHT AND INSPECT THE EXHIBITS.

BOARD OF HEALTH HOLDS MEETING FOR FIRST TIME IN MONTHS

Chairman Pawling Says Agitation of Star Had Nothing to Do with Action.

CONDEMN SCAVENGING

Fear Entertained that Mr. King Might Withdraw from Health Board.

According to Chairman Pawling, it was through no newspaper comment that prompted him to call a meeting of the board of health for Monday evening, after an apparent dormant existence for the past few months. He wished it distinctly understood at the meeting that he had not called it because of any comment through the local paper, and in this connection the STAR feels proud that it was even indirectly concerned, but Mr. King, a member of the board, had stated his intention of withdrawing unless something was done at once to appoint a medical health officer. A resolution, condemning the system of scavenging, employed by the health committee of the municipal council, was passed at the meeting and other matters of a routine nature, which have had no attention for the past few months.

EVERYONE SHOULD VISIT MADE-IN-CANADA TRAIN TONIGHT

Consists of Ten Carloads of Eastern Manufactures.

Every citizen and every farmer in town today should make it a point to visit the Made-in-Canada train, which will arrive here tonight at 7.30 and remain in the side-tracks until 11 o'clock. The train will consist of ten cars and will represent the products of fifty-two different manufacturing lines of Eastern Canada. Moving pictures will prove a feature and will be thrown on a screen either in front or back of the station.

WETASKIWIN STRIKES GREAT FLOW OF GAS

1,000,000 Cubic Feet Per Day and It is Thought that Supply is Exhaustless.

Wetaskiwin has struck gas which runs 1,000,000 cubic feet every twenty-four hours. The gusher was struck at a depth of 1248 feet. It is felt that the main gas area has been tapped and another well will be sunk at once. After the gas was lighted the flame shot into the air for a distance of twenty-five feet. Experts state that the well is more than a pocket.

NO. 1 RUN INTO OPEN SWITCH AT TOFIELD

No. 1 express to Edmonton ran into an open switch at Tofield yards on Saturday evening last, but fortunately no accidents resulted. George Baker, who was driving, brought the train to a standstill. Who was responsible for the accident and on whom the blame will be placed has not been learned as yet.

DEPARTMENTAL EXAMS BEING HELD HERE THIS WEEK IN LOCAL SCHOOL

Nine Candidates for Advancement are Scholars of Princ. Black.

Department examinations for grades 8 and 10 are being held at the school this week. Fourteen candidates in all are writing, two for grade 10 and twelve for grade 8. Nine of the candidates are from Wainwright and five from other points. Mr. W. J. McLean is presiding here.

Next week, examinations for grades 11 and 12, second and first class certificates will be held. Inspector Parker of Vermilion will be in charge.

JAMES CORBET NUPTIALS SOLEMNIZED AT WINNIPEG

Marriage Took Place at Home of Bride's Mother.

The following account of the marriage in Winnipeg on Wednesday last of Mr. S. E. James and Miss Jessie Corbet appeared in the columns of the Manitoba Free Press last week.

JAMES-CORBET

The marriage of Jessie McCordale, younger daughter of the late Robert Corbet of Owen Sound, Ont., to Mr. Stanley Edward James, manager of the Merchants Bank, Wainwright, son of J. W. James, esq., South Norwood, London, England, late of Heart's Content, Newfoundland, was celebrated Wednesday evening, June 18, at the home of the bride's mother, 442 Balmore Street, Winnipeg, Rev. Frederic Duval, D.D., officiating.

The bride, who was given away by her brother, Mr. J. Douglas Corbet, wore a gown of ivory chamoise satin with old point lace. Her veil of tulle was prettily arranged and she carried a large sheaf of bridal roses and lilies of the valley.

Mrs. Alexander D. Campbell attended her sister as matron of honor, gowned in cream crepe de chine and leghorn hat with pink roses, and Miss Gladys Gilbert, wearing a gown of Madonna blue chamoise satin with touches of Nell rose and hat of pale pink chiffon, with French roses was bridesmaid. Both carried bouquets of pink roses. Mr. Sidney Cottam assisted the groom.

After the reception Mr. and Mrs. James left for a trip to Banff and other western points before settling in their new home in Wainwright.

The bride travelled in a tailored suit of navy blue serge, a waist of blue marquisette over cream silk and lace and a small hat of white tulle and black velvet.

Among the gifts received were a cheque from the Merchants Bank of Canada and a purse of gold from the citizens of Wainwright.

Mr. Byron Hyatt and Miss Nellie Mills of Picton, Ont., left here on Sunday for the east after spending a few weeks with relatives here.

GAS PROSPECTS BRIGHT; WILLING TO HELP DRILL

Contractor who Drilled Well at Park Believes in Prospects for Natural Gas.

EDMONTON CONTRACTS

Praises G. T. P. as Best Road with Which He Ever Had Dealings.

Mr. Oscar Willison, of the firm of Willison & Mercitt, who have just completed drilling operations at the buffalo park, where contracts have been taken for several large wells. Previous to leaving here Mr. Willison stated that he was greatly taken up with Wainwright and its people during the two months he has spent here. The G. T. P. came in for special praise and he was of the opinion that his company had been used better by this railway than any other of numerous companies he has done business with.

There is a reason why Mr. Willison thinks well of Wainwright itself. He believes that Wainwright is underlain with natural gas and so confident is he that this is the case that he is willing to take a share of the stock if boring operations are started. Mr. Willison is a practical gas driller, who gained his experience through the western states and his opinion should be worth more than common attention.

BASEBALL PROSPECTS FOR DOMINION DAY SPORTS LOOK GOOD

Irma and Two Other Teams will be Here to Compete for Honors and the Dawson Cup.

There is every indication of good baseball here on July 1st, and it is expected that at least four teams will compete for the Dawson trophy. Irma will be represented and Chauvin and Gilt Edge will likewise appear on the diamond.

So far as the local team is concerned, it is thought that a strong aggregation will appear. Wright, the star short stop, who was here a few weeks ago, is now on his return here from Revelstoke to resume his duties as operator at the station. Manager Kaine is giving the team more practice and it would surprise no one to see the Dawson silverware remain in Wainwright.

Mrs. Dr. M. F. Betts is here from Le Pas, Man., visiting her father and mother, Mr. and Mrs. P. D. Laird. She is accompanied by her son, Frank, and will remain here part of the summer.

Mrs. Black, discoursed at the evening service on Sunday at the Presbyterian Church, her topic being on experiences encountered while she and her husband were missionaries in Palestine.

HIT HIM WITH POOL CUE "Paddy" Woods, a former G. T. P. fireman running out of here, is in the Royal Alexandra hospital at Edmonton, suffering from severe injuries sustained as a result of having been hit on the head by a pool cue at Ramsey's place in North Edmonton.

HORSE TRAMPLED ON GILT EDGE MAN

Employee of Mack Templeton Had Jaw Bone Broken in Two Different Places.

While watering four horses at the home of Mack Templeton at Gilt Edge, George Greloux, an employee, had the misfortune on Friday last to sustain a double fracture of the jaw bone. Greloux was leading the animals by the halters and, becoming excited in the mixup which followed the horses pulling apart, was dragged beneath their feet with the above result.

FARMER SAYS HE TRAVELS 1060 UN- NECESSARY MILES

Roads So Devious that He Must Traverse this Number of Extra Miles in Year

Editor STAR,—

While thanking you for your reference to roads in your last issue, may I suggest that it didn't go anything like far enough. To be concise and show what I mean, let me give my own case as an example (there are many others much worse).

"I can see Wainwright in the distance seven and a half miles, but to get there have to travel at least thirteen, brought about entirely through having to navigate endless right angles. Isn't it idiotic, that in a country where land is plentiful and cheap, a person going east or west can only find three legal openings (many impassable) in a township six miles square?"

In one year to obtain my mail, 1060 unnecessary miles have been traversed; to raise produce at the present rate of wages and deliver same under these conditions is a financial impossibility which I for one will not attempt.

It should be the duty of various towns to alter this state of affairs, making all approaches as easy, straight and short as possible; by expropriating if necessary. Moreover, I am convinced that the big mail order houses get a good deal of their trade through the loss, discomfort and irritation the farmers are constantly laboring under.

A feeble effort in the right direction was made by opening up a road as far as the southeast corner of 10-45-7 (Mr. Riley's) and here it ignominiously stopped. Let it without delay be continued due west to the north-west corner of the buffalo park. No doubt the tenor of these remarks applies in every other direction.

The gambling in subdivisions and other easy money opportunities having died natural deaths, people will have the leisure in the interval (while wages and other matters are assuming their natural proportions) to devote to much needed reforms and improvements.

I am emboldened to ask you to insert this, seeing that you have been very good in the past in allowing people to vent their complaints.

Yours truly,
John Thompson,
Bridge View Ranch,
Wainwright, Alta.

Owing to illness, Miss Corner will not be able to take in dressmaking over Lally's store as previously announced.

PRINCIPAL BLACK HONORED BY THE SENIOR SCHOLARS

Made Recipient of Presentation from Advanced Pupils at School.

FAITHFUL SCHOLARS

Token of Friendship and Appreciation of His Faithful Efforts.

Principal Black, who retires from his position at the close of the current school term, was made the recipient of a very pleasant surprise on Friday afternoon last, when he was called into Miss Batson's room, ostensibly for consultation concerning examinations. Here the senior pupils were gathered and Miss Mabel Borden read an address, while Miss Margaret Livingstone presented him with a toilet set of eight pieces in a beautiful case.

In acknowledging the gift, Mr. Black said it had been a great pleasure to him to teach classes so diligent and faithful and ready to co-operate with their teachers in the program of the school. He wished them all success in their examinations and thanked them for the gift, which he would gladly cherish as a token of their friendship and appreciation of his efforts on their behalf.

The address which was read was as follows:

"It is with keen regret that we learn of your intended departure. We wish to assure you that we have found it a pleasure to have carried on our studies under your careful direction for the past term."

"It would give us great pleasure to have you accept from us, the senior pupils of Wainwright school, this small token of our sincere esteem for you, and as an acknowledgement of your faithful interest in our studies. Signed on behalf of the pupils,

Florence Ward,
Bessie Borden,
Rhoda Russell.

TUESDAY NEXT IS WAINWRIGHT DAY

Will Prove Day of Enjoyment for Many Hundreds Who will be in Town.

Arrangements have been completed and it is generally thought that Dominion Day will be fittingly observed in the many events scheduled for July 1st. The various committees have fallen into line remarkably well and Tuesday next will undoubtedly prove a day of much enjoyment for the many hundreds who are expected to visit Wainwright.

Large bills, advertising the different events for the day, are now hanging from every store window in town and the celebration has been widely advertised throughout the district. Although Biggar, Edgerton and Viking are also celebrating on this date there is no reason to believe but that as large a crowd as in previous years will visit Wainwright, despite the fact that citizens decided on holding the celebration at a late date.

Among the many events are those which should form a well selected program of sports.

TOFIELDERS WILL MEET LOCAL MEN

First Trap Shoot Competition of the Year is Scheduled for This Afternoon.

A trap shoot will be held at the traps this afternoon, commencing at 2 o'clock, when a team from Tofield will meet an aggregation of local marksmen. This is the first affair of its kind to be held here for some time and should prove interesting. No prizes are being offered, the teams considering the honour of victory sufficient in this case.

HARRY ST. CLAIR LIVES UP TO HIS OLD REPUTATION

Class of Shows Being Put on Assures Success of Popular Company During Stay Here

Harry St. Clair and his company of fourteen players, who are here for the week at the Elite, have lost none of their popularity since their last appearance in Wainwright eighteen months ago, evidence of which has been apparent since their arrival in town on Monday.

Monday night's bill, "Moths," by Ouida, was a beautiful drama in four acts and was a popular presentation. Last night, "Facing the Music," a comedy full of rich and refined humour, was played to a large house. "Paid in Full" is tonight's bill and all local theatre-goers will recall what a splendid bill this proved when the St. Clair company was last here. "Young Mrs. Winthrop" will be presented to-morrow night, while the popular drama, "Lenna Rivers" is billed for Friday evening, when a full length dress will be given away. "Mabel Heath," a drama of five acts, will constitute an afternoon matinee on Saturday and the closing bill, "A Terrible Tangle" will close the week's engagement the same evening.

The company is even better balanced than when they appeared in the old Auditorium eighteen months ago and Mr. St. Clair is still on deck with his supply of side splitting humour. His specialties between acts are being much enjoyed. Theatre goers should not lose the opportunity of seeing as many of these plays as their purse strings will allow, for they are well worthy of generous patronage.

Gilt Edge will Celebrate

Residents of Gilt Edge and vicinity are holding a picnic on Wednesday, July 16th, and about \$100 was subscribed by businessmen of this town last week for prizes in connection with the various events. This amount, together with what will be subscribed by those who are holding the affair, should furnish a good day's sport. It will be held at the Gilt Edge school.

Mrs. Fred Halterman of North Battleford, was here visiting her father and mother, Mr. and Mrs. Thomas Cooper.

Horse racing and the various athletic events will be featured and the five mile Marathon road race will undoubtedly prove interesting, judging from the present prospect of a large number of entries.

CROP REPORTS SAY GRAIN FAR ADVANCED NOW

Wheat is Above Ground on An Moderate Average of 20 Inches.

FREQUENT SHOWERS.

Farmers North of Buffalo Coulee Are in Need of Rain Reports Say.

Crop reports from various parts of the district continue to be of a most favourable character. Wheat is averaging twenty inches in height and is growing rapidly. Samples of wheat brought into the STAR office are even higher than this and some report that they have grain which stands thirty inches high.

In the majority of localities tributary to the town, a fair amount of rain has fallen, but across the Battle River and near the Buffalo Coulee farmers report that they need rain badly. No prolonged rains have fallen, but showers, at times heavy, have been frequent in the neighborhood of the town. Prospects are good and in fact were never as bright as at present.

SOME DOUBT AS TO WHETHER HOLIDAY WILL LAST ITS TIME

Certain Farmer Don't Believe in Allowing Rest for the Weary.

Whether or not Wednesday afternoon will be observed as a holiday throughout the months of July, August and September is somewhat questionable, for from certain quarters there is already some dissatisfaction. Certain businessmen claim that the weekly half holiday means a loss of hundreds of dollars to the town, while residents of the country have lodged complaints, as a result of not being able to do their business on that afternoon.

The scheme is being successfully followed out by other towns, in many cases larger than Wainwright, throughout Alberta, and there should not be any difficulty in making a success of it here. From the fact that it is an innovation, to which people have not as yet become accustomed, is probably the reason why its good features are not being observed more readily.

Farmers of the surrounding country have lodged their complaints, claiming that Wednesday is one of the busiest and best market days of the week. They should and no doubt will realize that during the summer months some recreation should be taken by those doing business in town.

Wainwright will be visited on July 5th by the Mighty Haag Shows, consisting of twenty-two cars. Features of lavish expenditure are to be found in the display of rare and curious species of animal life. Grounds have been reserved west of Queen St. and east of the flour mill.

E. L. Ross, piano tuner and repairer, will be in Wainwright on Wednesday, July 2nd. All orders for tuning may be left at the Wainwright Hotel or this office.—a

CLASSIFIED ADS.

LOTS FOR SALE—Lots 37 to 31 block 8, Second Avenue. Inside lots \$100 each, corner \$450. Terms 1-3 cash, balance 6 and 12 months, interest 8 per cent.

\$100. REWARD

PROVINCE TO HAVE OFFICES

London offices for Alberta have been opened and this province now has the distinction of being the first prairie province to have direct representation and connection in the metropolis. Whether or not this will assist Premier Sifton in his efforts to secure a provincial loan remains to be seen. May it prove so.

Each age of our life has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

When your child has whooping cough be careful to keep the cough loose and expectoration may be given Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

Bowerman & Goulet
Licensed Auctioneers for the province of Alberta.

Sales held in any part of the Province.

Write for particulars before consulting other auctioneers.

WAINWRIGHT ALTA

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. For sale by all dealers.

O. A. Pearce, 1065, 27th St., Edmonton.

38-40

TENDERS FOR COAL

Sealed tenders addressed to the undersigned and endorsed "Tender for Supply of Coal for the Dominion Buildings" will be received at this office until 4.00 P.M., on Monday, July 11, 1911, for the supply of coal for the Public Buildings throughout the Dominion.

Combined specifications and form of tender may be obtained on application at this office and from the clerk of the Dominion Buildings.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their personal signature.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent, in payment of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the contract. If the tender is not accepted the cheque will be returned.

R. C. DUCHESNEAU, Secretary.

Department of Public Works, Ottawa, June 11, 1911.

M. Mecklenburg, the celebrated eye specialist of Edmonton, will again be in Wainwright on July 1st, where he may be consulted professionally. He will be at the Wainwright Hotel.

YOUR EYES

M. Mecklenburg, the celebrated eye specialist, the only University graduate in Alberta, will be in Wainwright, at the Wainwright Hotel on

TUESDAY, JULY 1st

A sprained ankle may be a rule be cured in from three to four days by applying Chamberlain's liniment and observing the directions with each bottle. For sale by all dealers.

MADE BIG PROFIT IN MIXED FARMING

A Saskatchewan Man Who Farms Wisely—Intensive Agriculture is Coming

That mixed farming in Western Canada, pays to the best of an article in a recent number of "The Dominion." In proof thereof the writer gives the following instance among others: "There's a man named Tom who bought a section of prairie land up in Central Saskatchewan, near 50 place, a while ago. At the same time he also took a homestead. Now he's in both kinds of farming. Last year's crop which he sold in October, brought him \$1,700.00—his wheat and oats of 300 acres. But he also raised stock, including horses, hogs and cattle that were worth at least \$5,000.00. That man would not take \$10,000.00 for his 900 acres."

Speaking of intensive farming in England he said: "I think that in a great many ways they do things better in the old country, where the average farmer has to be content to get along with less land. They farm more intensively over there. In fact, they tell me that many farmers over there produce as much in dollars and cents from ten acres as some of our farmers can get here out of a whole quarter section. I wonder if the average farmer realizes that some of the richest farms in Western Canada—the farms that produce the richest results in dollars and cents—are striking examples of the most productive soil in the Dominion being used most unscientifically. Science will get its turn, however, as this land becomes more valuable. Instead of the comparatively small number of large farms which we have at present we are going to have a multitude of little ones."

KEEP CARS MOVING

How Business Men are Urged to Assist in the Movement of Grain

That the business men and manufacturers of Eastern Canada realize the necessity of providing all cars possible for the transportation of Western Canada's grain crop is shown by a circular sent out during the past month by the manager of the Transportation Department of the Canadian Manufacturers' Association to its three thousand members. After speaking of the danger of congestion this fall, the circular urges all manufacturers to assist in the movement of grain as follows:

"Upon the ability of the railways to move the crops promptly will depend to a great extent the business welfare of the country. Everybody can help by facilitating the movement of any cars he consigns or receives, namely, by loading and unloading as expeditiously as possible. Every time the loading or unloading of a car is needlessly delayed the available supply of cars is correspondingly reduced. If a shipper by his own act reduces the available supply of cars he cannot very well complain of a shortage. Cars are furnished for transportation, not for storage, and every one used for storage reduces the number available for transportation. The annual crop movement around October 1st brings a car shortage lasting about four months; during the balance of the year there is usually a surplus. By moving as much as possible of your freight inwards and outwards within the next few weeks you will be helping yourself, the railways, and all others concerned."

FACTORY GROWTH

The Census Figures for Canada Show Increase in Ten Years

The census returns of the manufactures or factories of Canada are now being made public by the Statistics branch at Ottawa. The figures indicate a growth that far exceeds the most extravagant estimates during the recent trade depression. In ten years the number of factories increased nearly 32 per cent; capital invested, almost 180 per cent; number of employees, 50 per cent; salaries and wages, 110 per cent; and products 140 per cent.

Establishment's	1900	1905
Capital	\$446,916,487	\$646,685,000
Employees	339,173	506,000
Sal. & wages	118,249,350	124,875,000
Products	421,053,375	718,355,000

Establishment's	1910	over 1905
Capital	\$1,245,746,496	47%
Employees	514,281	49%
Sal. & wages	240,522,551	107%
Products	1,164,777,32	121%

The course of the next month will tell whether or not the weekly half holiday on Wednesday afternoons will be continued through August and September. By some it is thought that the practice will not live out its specified time, but what process would be gone through to change it is a problem to be solved.

LOCALS

Mr. H. V. Fieldhouse and Robert Hunter were business visitors to Vermilion for a few days last week.

It is now stated that Thos. Blison will not open a general furnishing store at Biggar, but will go farther west in his search for a business opening.

The advance agent of the Mighty Haug Shows, consisting of twenty-two cars, which will visit here July 5th, was in town last week making arrangements for their appearance here.

The Wainwright Milling Co. is donating two prizes at the Iron Fall Fair, for the best loaves of bread made from Cream of the West flour. This popular brand is manufactured here.

Constable Webster was in attendance at an assault case at Viking last week when one of the bar tenders at the King Edward hotel was fined \$20 and costs before Justice of the Peace Martin.

The Made-in-Canada train will be here tonight and should prove of vast interest to every citizen. It is expected that a large number of country people will visit the ten cars which compose this train. This will be an opportunity for the consumer to get into direct connection with the manufacturer and his product.

Town of Wainwright

Wainwright is on the G. T. R., 666 miles west of Winnipeg and 126 east of Edmonton. A divisional point, established in 1908, with a population of 1300 souls.

Member of Dominion Parliament, Mr. J. D. Douglas, Strathcona.

Member of Provincial Legislature, Mr. G. L. Hudson, Wainwright.

Justices of the Peace, P. E. Ross, J. H. Dawson.

COUNCIL

Mayor, C. T. Lally. Councilors—R. A. Snyder, W. E. Mills, P. W. Deverson, S. R. Bowerman, G. H. Beaudry, A. E. Mills.

The Red Streak

By Wilmot Kaye

Ward, Luck & Co. Limited
London, Melbourne & Toronto

(Continued)

The white women were daintily dressed, wearing their finest gowns and each of them was surrounded by two or three men for there were not enough of the former to go round. The band struck up the National Anthem as the Governor appeared on the terrace with Joan by his side, and bowed deeply by Captain Wilmet's full uniform. More or less in accordance with their official position, the guests came forward and were granted a shake of the hand. When this ceremony was over, the crowd again separated into groups and a brown coat to Mrs. Featherstone's face when she saw that every detail was most-unsuspectingly in place. She had gone to Joan. Without a moment's hesitation she joined her.

Where is your friend Sir Basil?
I want to ask him to chop with us to-night, she began.

Joan was again conscious of a feeling of annoyance that Basil had departed so unceremoniously, but her face showed no sign of it as she explained what had happened.

I am sorry he's gone. I am fed up with the usual fare. I am fed up with the usual fare. I am fed up with the usual fare.

As that moment Wilmet changed to Joan.

You had better run away, Mrs. Featherstone, as I am fed up with the usual fare. I am fed up with the usual fare.

Joan watched the scene for a few minutes from the terrace and then walked slowly to the drawing-room.

Joan watched the scene for a few minutes from the terrace and then walked slowly to the drawing-room.

NEW TUNNEL MAY WEAKEN ST. PAUL

Famous London Cathedral Said to be Confronted by Grave Danger

London.—A new danger now threatens St. Paul's Cathedral, the opinion of those responsible for the fabric, the proposed railway tunnel, which would pass through the cathedral, is being regarded with apprehension.

The preliminary work of the proposed tunnel has just been completed by the London County Council, and so we feel that we must make a protest at once, said Canon St. Paul, treasurer of the cathedral.

The danger arises out of the fear entertained by our expert advisers that the cathedral, which has stood for centuries, will be weakened by the proposed tunnel.

There is a great deal of work to be done, and the cathedral is in a very poor state of repair. The cathedral is in a very poor state of repair.

There is a great deal of work to be done, and the cathedral is in a very poor state of repair. The cathedral is in a very poor state of repair.

MARTYR TO DUTY

Chaplain Sacrifices Life Ministering to Dying Man
Paris.—The former Abbe Marie Jules du Couray, military chaplain, died recently in circumstances which were a noble example of martyrdom. He was summoned recently to the bedside of an artillery officer who was suffering from an infectious fever. Although aware of the danger for the doctors feared that he would be infected by the dying artilleryman until the latter succumbed.

The same evening the chaplain, a robust man of 35, was taken ill with similar symptoms of infectious fever, and within forty hours he also expired, a martyr to duty. His funeral took place at Panteleone.

Kings, Ancient and Modern
London.—Some of the residents of Fawley (Wills) have decided to erect a statue of King Alfred as a commemorative memorial to King George V.

An American tourist was having his boots polished by an Irish shoeblack, and the latter was administering the finishing touches to his patron's shoes when the shoeblack suddenly turned round and seized the tourist by the throat.

Thank ye sir. The only polisher you have is on your boots, and I give you that.

Now They Don't Speak
Maud—So Jack compared me with somebody, didn't he? The fellow I told you about? What was it?

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

Maud—Oh, no. I don't think I should tell you that.

LOCALS

Mrs. and Miss Wallace of Edgerton, were guests of Mrs. F. E. Ross for a few days last week.

Miss Marjorie Steele of Clark Manor was a visitor here with her friend, Miss Lillian Craig, over Sunday.

W. W. Yeager, locomotive foreman at the G. T. P. shops, left on a business trip to Winnipeg. The position is being filled during his absence by D. W. Hay—Edmonton Capital.

Grains throughout the district continue to thrive on beautiful weather being enjoyed. Frequent showers and warm sunshine means prosperity to the farmers.

Tenders are invited with this issue for carrying the mails from the station to the local post office fourteen times a week. It is being done at present by the Buffalo Dray.

Perce Ross is the proud possessor of the gold button for "A" class distinctions at the traps on Friday evening last, his score being 21. Vern Graham captured the silver button for "B" class, having killed fourteen birds.

Two hundred million more cigarettes were smoked in 1912 in Canada than during the previous year. The consumption of beer and spirits is also increasing.

When Dad's Away

When dad's away let the boys do the work. They can if they have good, practical, easily-operated farm machines like the Corn King manure spreader.

Any boy that can drive a team straight, can operate the Corn King spreader. He can spread more manure quicker and better than the best man can spread it by hand.

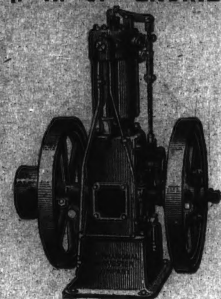

The Corn King spreader has no complicated parts to get out of order, it is easily operated and is economical.

THE CORN KING MANURE SPREADER
gets the full value from the barnyard manure, which is 100% more than it is possible to get out of it by hand methods.

Don't let your neighbor get ahead of you by growing better crops on his land than you do on yours. Buy a Corn King manure spreader and you will not have to take your hat off to anybody.

Examine the excellent features of the Corn King before buying. Call, and let us show you why this machine has such a good reputation.

GIRARD & COLLETTE, Wainwright

Before you buy an engine call and see us, we always have some on hand. We will show you how they work.

CRICKET

The fourth of a series of Wednesday afternoon games by the local cricket club was played last week, when Captain Freebody's team met for their return match with Captain Whittle, proved the best of the season. Captain Freebody having the choice decided to send his opponents in to bat. T. Sage and Blatchford opened the innings against the bowling of C. Cattley and Church, three wickets quickly falling for four runs, Sage and T. Crampton along scoring against their attack, Sage scoring 26. A change of bowling by Webster soon brought the game to a close for the total of 46.

Captain Freebody's team in their venture with the bat soon found that their opponents were also in shape, Whittle and Forsyth doing some fine bowling, the former bowling taking 6 wickets for 9 runs and quickly bringing the game to a close for 33 runs. The next game will be played this afternoon on the athletic grounds.

IRMA NEWS

IRMA, June 24.—The Viking baseball team visited here on Saturday with fifteen or more fans and fanettes and played the local aggregation. The game was full of sensational and costly errors, Dr. Storey of Viking refereeing the match. His many decisions showed that his upper story was lacking of the knowledge of the game, but it must be admitted that his prescriptions were all good for the visitors and won the game for them. The score was good for the visitors and won the game for them. The score was 6-4. Irma's pitchers were the second and third basemen.

Irma ball team is billed for Wainwright, July 1st, Viking, July 4th, and Ryley, July 11th.

Mr. Chas. Swallows went to Edmonton Saturday to spend a few days with his wife and family, who resides in the Capital.

A suggestion to the board of trade, if there is one, and if not, let us organize a live one. Would it not be in order to get out a petition to get a bank here? Just so long as we do business with Wainwright, Viking, Hardisty and Mannville banks we will be left to do business with them. Let us cooperate and get a bank!

Miss Creamer of Edmonton is visiting with Mrs. C. A. Toll.

LOCALS

Miss Schantz and Miss Brenner, of Wainwright school staff, spent the week end with Mrs. E. T. McDowell.

A sample of wheat brought into the STAR office from John Zaic's crop, Hope Valley, measures twenty-two inches in height.

In writing letters to the STAR all subscribers and correspondents are asked to limit their communications to not more than three hundred words.

Mrs. W. J. McPhee left on Monday for Ontario, where she will visit for a few months. Before returning, Mrs. McPhee intends visiting her old home in Campbellford.

A new bridge has been built across Ribstone Creek about ten miles east of here. This was completed about two weeks ago and replaces a pipe-drained crossing formerly employed.

Mr. F. W. Strachan, mother and sister, of the Edenglassie district, were visitors here last week. They will leave in a short time for their former home in Scotland.

Coune, P. W. Deveson returned here after an extensive trip through British Columbia and southern Alberta. Mr. Deveson is still in ill health and under the doctor's care.

"Jack" Lewis, formerly in the employ of the G. T. P. here but now of Transcona, where he is in the railway shops, is in town. He will spend a week or more before returning to his position.

Several carloads of telephone wire have recently arrived at and passed through the yards here to be used in extending the line from here to Chauvin and rural points.

J. L. Hudson, M.L.A., expects to start east on a trip to his former home in St. Mary's in a short time. He will go as far east as Montreal and will remain for a month or six weeks.

Sunday was the longest day of the year and was taken advantage of by many pleasure seekers, who journeyed to points in the country. It was very hot and one of the hottest days so far.

MONEY IN RAISING HOUNDS

Jack Forsyth evidently has a good source of revenue in raising wolf hounds, for, in addition to one he traded for a cow last winter, he has quite recently disposed of one to a farmer of the north country for three sheep.
